# Who can make a difference?

# What can we learn from Costa Rica?

But it is not just big organisations and countries, who can make a difference.

# What can you do?

# Prayer

Dear God

Today we thank you for the beauty and wonders of nature

We pray that the creativity and action of our generation will enable us to meet the Global Goals

We ask for wisdom for those who lead us and teach us

So that as Earth Cubs we can learn the world and take action to make our own contribution to protecting life on Earth.
