

ARMCHAIR ADVENTURES

Join us for a family workshop all about
one of our latest episodes

A Compost Adventure!

We'll use our imagination to shrink to the size of a beetle and explore a
summer garden. What will we find there?

Maybe we'll go for a snail ride, piggyback ants or fly on a bumblebee!

We'll explore the importance of composting to help save the planet!

Dukinfield Library

Concord Way, Dukinfield, SK16 4DB

Wednesday 1st June

10am – 11:30am & 1:30pm – 3pm

Book free places at

tamesidelibraries.eventbrite.co.uk

An adult must accompany children to the workshop,
it's for **children aged 5-11 and their grown ups**.

We would love for grandparents to bring their grandchildren. Over 30 local older people helped
create our podcast, and we would love to keep bringing generations together to have fun!

These workshops have been commissioned by **Recycle 4 Greater Manchester** and will be facilitated
by **Made by Mortals**; a non-profit organisation that creates podcasts, films and musical theatre
shows in collaboration with world-class professional artists,
health and social care organisations and a wonderful mix of
community participants.
